LANTRONIX

PRODUCT CHANGE NOTICE

Dear Lantronix Customer,

The purpose of this communication is to inform you of the availability of new software release for xPort EDGE embedded Wireless gateways.

Change Type

Software

Products Affected

Orderable Part Numbers (xPort EDGE)

Part Number	Description	Old Revision	New Revision	Module MPN
XPE200100S	XPORT EDGE EMBEDDED ETHERNET GATEWAY, UART, RJ45 ETH, SAMPLE	B11	C11	950-00124
XPE200100EK	XPORT EDGE EVALUATION KIT	B11	C11	950-00124
XPE200100B	XPORT EDGE EMBEDDED ETHERNET GATEWAY, UART, RJ45 ETH, TRAY	A11	B11	950-00124

Module Manufacturing Part Numbers (indicated on unit label)

Unit Name (MPN)	Old Revision	New Revision
950-00124	B11	C11

Description and Extent of Change

Lantronix is pleased to announce the availability of new firmware release **3.0.0.0R11** and Bootloader **1.3.0.0R1** for xPico 240 and xPico 250 line of embedded Wi-Fi gateways.

Key highlights of this release are:

- Support for BLE Quick Connect and Connection Management
- Support IPv6 for MUX application
- Support for bidirectional transfer for MUX
- Support IPv6 support required for certification
- Support for Bluetooth Master SPP (Serial Port Profile) line tunnel to host microcontroller

Refer to the release notes for a complete list of additional features and bug fixes.

Effect of Change on Fit, Form, Function, Quality, or Reliability

Functional changes as noted above.

For customers that would like to take advantage of the new capabilities immediately, the new firmware, associated release notes and upgrade instructions are available for download from our website, http://www.lantronix.com/support/downloads.

An updated SDK release is available for download via Lantronix forums (http://forums.lantronix.com).

Effective Date of Change

This change will go into effect for the listed products built from **February 18, 2019** onwards (date code: 19W08)

If you have any questions, please contact your sales representative or Lantronix Technical Support at (800) 422-7044 or (949) 453-7198.
